

08/69	<p><u>Roads and Traffic</u> 08/51: a) <u>Cycleway</u>: OCC (Highways) feel this is of low priority. David Early at Oxfordshire had phoned having discussed it with his Team Leader. There are at least three points against it: 1. Not in list of objectives in School Travel Plan.(The School had decided to focus more on getting pupils on buses and out of cars); 2. The cost of a similar stretch in Abingdon three years ago was £800,000; 3. Very few people use cycleways even when provided. b) <u>Lighting</u>: Cost for the complete scheme would be £18995.50 plus any traffic management costs which could be up to £5000. Proposal is to install 3 of columns at this stage. Clerk to inform of Parish Council views. Any lamp posts to fit in with conservation area. c) <u>Co-op Parking</u>: Message from manager that the Forecourt to be re-surfaced.</p>	Clerk
